

Your future with Spiess-Urania Chemicals GmbH

Spiess-Urania Chemicals GmbH is a medium-sized German subsidiary of an international trading group specializing in the production and marketing of copper-based products in the field of crop protection and industrial chemicals.

For sales of our products and consulting of our international customers we offer a position as

Sales Manager (m/f/d)

located at our headquarters in Hamburg.

This position requires in-depth knowledge of agriculture and the crop protection market, as well as preferably some experience in international sales.

This person will be responsible for the following tasks:

- Development and implementation of sales objective for the assigned region
- Successful negotiations with business partners and relevant institutions
- Identification of new markets and sales strategies as well as their implementation to deliver increased sales.

In addition to being able to work independently, in a responsible and structured way, as well as being confident and open-minded, we furthermore expect:

- Professional experience in agricultural sales.
- Agricultural studies or similar tertiary qualification
- Excellent English skills (must be fluent in spoken and written use)
- Excellent communication and team skills as well as flexibility
- Willingness for regular international travel.

We offer an unlimited position which is suitable for part-time work with competitive income, attractive social benefits as well as interesting possibilities for future development with our company.

Have we caught your attention? Then, please send you detailed application including your salary expectations to the email address below. We are also interested in your application if you are a qualified young professional. In case you should have questions or the need for further information, please also direct yourself to:
